- I. DESCRIPTION:** This procedure provides guidelines for processing payment for hours worked as overtime and holiday service.

Reference Directive #2213, "Attendance-Holidays," and Directive #2214, "Compensatory Time, Overtime and Recall," for rules and regulations on overtime and holidays.

## **II. OVERTIME**

### **A. General**

1. **Statement of Policy:** The rules and regulations for overtime compensation are promulgated by the Director of the Budget pursuant to Section 134 of the Civil Service Law and are published as Part 135 of Title 9 of the NYCRR. It is the policy of the State that overtime work be held to a minimum consistent with the needs and requirements of sound and orderly administration of State government. The State requires supervisors to hold overtime work to such a minimum by the proper scheduling and assignment of activities, simplification of work processes, and requiring compliance with realistic standards of performance. The Superintendent, Regional Director, Division Director, or designee must monitor overtime and take action to keep overtime to a minimum.
2. The work week of Sunday through Saturday should be used to compute overtime compensation for those on the institution cycle. The work week is Thursday through Wednesday for the administration cycle.
3. Scheduled overtime requires prior approval by the Division of the Budget (DOB). If approved, the Department of Corrections and Community Supervision (DOCCS) Division of Budget and Finance issues a Budget Certificate stating the titles and the number of hours per title approved.
4. Unscheduled overtime must be approved in writing by the unit supervisor prior to implementation.

Parole Officers may have emergency/unscheduled situations that require them to work additional hours that cannot be approved in advance. As such, a Senior Parole Officer may authorize overtime after the extra hours have been worked, in the following situations:

- a. To lodge parole violators or in custody situations where the Parole Officer must remain with a prisoner.
- b. Where injury to staff or releasee requires the Parole Officer to remain with the injured party.

- c. Arrest of a releasee or other person occurring during previously approved working hours requiring attendance in court for booking or arraignment.
- d. In a situation where the Parole Officer must remain on duty to avoid placing a releasee, member of the community, or another staff member in danger.
- e. To appear/attend a revocation hearing when required by the Parole Revocation Specialist prosecuting the case to be present beyond the scheduled end time for the day.
- f. Upon a request for assistance by another law enforcement agency after normal business hours.

NOTE: In situations mentioned in subsections II-A-4-a through d, the employee shall notify their supervisor as soon as practicable, but no later than the following business day, and secure authorization for the extended hours worked. In the situation mentioned in subsection II-A-4-e, the extended hours shall be authorized by the Revocation Specialist prosecuting the violation.

- 5. Eligible employees on a 40-hour week are paid time and one-half for time worked in excess of 40 hours.
- 6. Eligible employees on a 37½-hour week are paid time and one-half for time worked in excess of 40 hours. The first 2½ hours worked in excess of 37½ hours is credited to the employee as compensatory time off.
- 7. Refer to DOB Bulletin G-1024 for eligibility by title and grade.
- 8. CSEA and PEF ONLY: When mandatory overtime is worked in the 40-hour workweek, both scheduled and unscheduled absences charged to sick leave accruals are considered time worked. When voluntary overtime is worked, a scheduled absence charged to sick leave accruals is considered time worked, but an unscheduled absence charged in that week to sick leave accruals is not considered time worked.
- 9. An employee who is on approved leave and is called into work for their regular shift, has voluntarily withdrawn their leave request and cannot be paid overtime for their shift, except when the shift is on their regular day off.

**B. Computation of Cash Compensation**

- 1. Eligible annual salaried employees who work overtime shall be compensated for work in excess of 40 hours per week by multiplying their annual salary (inclusive of any additional salary factors except pre-shift briefing) by .00075, the result being the hourly overtime rate of pay.
- 2. Eligible annual salaried CSEA, PEF, and NYSCOPBA employees who work overtime shall be compensated for work in excess of 40 hours per week by multiplying their annual salary (inclusive of any additional salary factors except pre-shift briefing) by .00072, the result being the hourly overtime rate of pay.
- 3. Eligible hourly employees who work in excess of 40 hours per week shall be compensated by multiplying their hourly rate by 1.5, the result being the overtime rate of pay.

C. Leave and Accrual Tracking System (LATS) Overtime

1. Overtime worked must be posted in LATS using the appropriate miscellaneous category. The Supervisor must approve the overtime ensuring that a comment is made on the payment tab indicating if the overtime was mandatory or voluntary.
2. At the end of the payroll period, the Timekeeper processes an overtime payment interface on LATS that sends the information to PayServ.
3. CSEA and PEF ONLY: When mandatory overtime is worked in the 40-hour workweek, both scheduled and unscheduled absences charged to sick leave accruals are considered time worked. When voluntary overtime is worked, a scheduled absence charged to sick leave accruals is considered time worked, but an unscheduled absence charged in that week to sick leave accruals is not considered time worked.
4. At the end of the payroll period, the Timekeeper will adjust the overtime payment from Overtime for Annuals (OTA) to Overtime Straight Rate for Annuals (OTB) for CSEA and PEF employees when voluntary overtime is worked and unscheduled sick leave is charged in the same week.

**III. OVERTIME PROCESSING**

A. For LATS Users: Overtime is posted in LATS via your timesheet.

5. All timecards should be accurate and complete prior to sign-off by the supervisor. Any discrepancies, irregularities, or deficiencies on the timecard should be corrected before they are signed off by the supervisor and sent to Personnel/Timekeeping. A copy of any changes should be matched against the approved daily overtime summary sheets.
6. At the completion of the overtime entry cycle (as set by the Office of the State Comptroller [OSC]), the bi-weekly overtime summary report will be printed.

The entries on the overtime summary report should be matched against the approved daily overtime summary sheets.
