

**Food drive at Orleans Correctional Facility for Martin Luther King Jr. Day  
January 30, 2014**

The Orleans Correctional Facility Diversity Management Committee recently conducted their Martin Luther King Jr. Food Drive. In an attempt to spur friendly competition amongst staff, the food drive pitted members of the four different Department unions against each other.

Each union: New York State Correctional Officers & Police Benevolent Association (NYSCOPBA), Public Employees Federation (PEF), The Civil Service Employees Association (CSEA) and Council 82 (joined by Management Confidential (m/c) employees) had a separate box to drop their donations into.

At the end of the week NYSCOPBA came out on top, with all the unions contributing large amounts of non-perishable food items. All collected items were donated to Orleans Community Action that hosts a food pantry for needy individuals in Orleans County.
