

### Albion Correctional Facility Employees Spread Holiday Cheer

Each year, employees at Albion Correctional Facility collect and donate goods to be shipped to military troops during the holiday season. This year, Albion staff collected over 350 pounds of goods, including snacks, toiletries, writing materials, and phone cards to send to local military personnel deployed overseas. Employees look forward to this annual tradition each year as a way to not only spread holiday cheer, but to also show their support for local troops unable to make it home for the holidays.
