

Attica Correctional Facility Hosts “Veterans Day of Appreciation”

Attica Correctional Facility’s Active Veterans Group gathered on November 12th to honor those who have served our country by giving back to the community through various projects the inmates had been working on for the special event. Pieces from the Kite Artwork Project were raffled off by a local community group dedicated to aiding homeless veterans, successfully raising hundreds of dollars for the cause. The Knitting Squad donated 150 hats, scarves, and holiday stockings for children of disabled veterans in Western New York and The Stocking Stuffers raised a total of \$524 to be used toward the purchase of candies, games, toy planes, and coloring sets to be placed in the knitted stockings. The group enjoyed a special lunch while sharing their work and planning their next big project.
