

Attica Correctional Facility Hosts “Day of Mercy”

39 Felician Franciscan Sisters from across the globe recently visited with staff and inmates during Attica Correctional Facility’s “Day of Mercy”. The Sisters, putting into action Pope Francis’ proclamation for 2016, a Year of Mercy, requested the tour while in Western New York to attend their annual Our Lady of Hope Provincial meeting. After meeting with the Executive team and touring the facility, inmates from various faiths formed a receiving line in the visiting room to personally greet each Sister. The Sisters, staff, and inmates enjoyed a lunch prepared on site, and concluded the visit with prayers and blessings from several faiths to prepare the Sisters for their journeys back home.
