

### **Attica Correctional Facility Hosts Glimmerglass Opera Music Production**

On August 2, 2016 the Glimmerglass Opera performed their second annual music production for over 240 inmates at Attica Correctional Facility. The hour long performance was followed by a Q & A session where inmates had the opportunity to ask questions and discuss their thoughts on the opera. One inmate commented, “Even though I don’t understand Latin, I felt the emotions of the actors and somehow understood what was being said.” The Glimmerglass performers have offered to help Attica’s Theatre Group by offering tips and creative input and both the facility and the performers are looking forward to their return next summer.
