

Groveland Correctional Facility Welcomes Shake on the Lake

On August 5, 2016, staff and inmates at Groveland Correctional Facility enjoyed an afternoon performance of Shakespeare's *Twelfth Night*, performed by the Shake on the Lake touring theater company. In addition to the performance, the group also held a five day workshop at the facility entitled "Voices Uncaged," designed to assist inmates in examining their lives through self-expression. The performance and workshop were so well received that the facility looks forward to welcoming the group back when their tour returns to the area.
