

Shawangunk Correctional Facility Hosts Chappaqua Orchestra

Acting Commissioner Anthony J. Annucci and Supervising Superintendent Kathleen G. Gerbing from Otisville Correctional Facility recently joined staff and inmates at Shawangunk Correctional Facility for a performance by the Chappaqua Orchestra. The eight piece ensemble performed for an hour, answering questions afterward about how long they practice each day and the origins of the instruments they were playing. This marks the second performance by the Orchestra at Shawangunk and with all the positive feedback received from staff and inmates, the facility hopes to arrange a third visit in the near future.
