Attica Correctional Facility Inmates Donate School Supplies to Children In Need

Inmates involved in the Youth Assistance Program (YAP) at Attica Correctional Facility recently organized a “Fill the Backpack” donation event to benefit the “No More Tears” community program. In all, YAP was able to donate \$1,024 to the program to buy school supplies for needy children in the Buffalo, New York area. The inmates felt strongly about helping out the youth and ensuring they were prepared for the new school year. In a letter provided alongside the donation, YAP members wrote of the importance of education in a young person’s life and its potential to influence the choices one makes.
