

Ulster Correctional Facility Sends Support to Officer Stationed in Kuwait

Ulster Correctional Facility staff recently donated items to send to Correction Officer Dumond and her Military Unit, the 854th Engineers Unit in Kuwait, in appreciation for their sacrifice and dedication.

Approximately 250 lbs. of food and products was collected during the event which kicked off around the July 4th holiday.

We look forward to Officer Dumond, and all the other DOCCS staff serving our country, to return home safely.
