Cape Vincent Correctional Facility Staff Donate Winter Clothes to Local Children in Need

The Make A Difference Day Committee at Cape Vincent Correctional Facility recently held a Coat and Boot Drive to benefit five local elementary schools in the Cape Vincent community. Throughout the drive, staff donated money, coats, boots, hats and scarves in an effort to fulfill each school's "wish list" for the children. In all, 85 pairs of boots and 69 coats (\$2,500) were bought and delivered to the five school districts, completing each of the districts lists. The elementary school staff were very thankful to receive the donations when they were dropped off earlier in the month, ensuring each child in the school had the proper clothing for the upcoming winter.
