

Five Points Correctional Facility Hosts Saints Prison Ministry Softball Team

Five Points Correctional Facility recently hosted a softball game between the Saints Prison Ministry softball team and one of the facility's inmate teams. The Saints Prison Ministry softball team was created in 1987 and has expanded since, now including eight men's softball teams, two men's soccer teams, and a men's basketball team, as well as a women's softball team and women's volleyball team. The Saints have played over 3,000 games in 420 prisons across 33 states and Canada. Five Points inmates enjoyed the opportunity for some friendly competition against the Saints and hope for the chance to play them again in the future.
