

### Lakeview Correctional Facility Hosts “Make a Difference Day”

In honor of “Make a Difference Day”, Lakeview Correctional Facility participated in the “Teddy Bear 911” project throughout the month of April. The project aimed to collect teddy bears and blankets to be donated to emergency departments for children in need of comfort during emergency situations. In all, facility staff donated 177 stuffed animals and blankets with help from donations by NYSCOPBA and the Diversity Management Committee. The facility was proud to donate these items to two local departments—Westfield Memorial Hospital and Brooks Memorial Hospital.
