

Lakeview Shock Incarceration Correctional Facility Hosts Make a Difference Day

Lakeview Shock Incarceration Correctional Facility's Diversity Management Committee, with help from donations from facility staff, collected baby items throughout May and June to benefit the St. Gianna Molla Pregnancy Outreach Center in Dunkirk, New York. Lakeview's generous staff donated diapers, bottles, gift baskets, baby clothes, and a total of \$140.41 to benefit local babies and parents in need. The Outreach Center was very grateful to receive the large donation and Lakeview staff were proud to have celebrated a successful "Make a Difference Day".
