

## Corrections and Community Supervision

### **Cayuga Correctional Facility and Edgecombe Residential Treatment Facility Staff Help Local Families in Need**

Cayuga Correctional Facility staff recently gave back to their local community in the spirit of the Thanksgiving holiday. Through the event known as “Operation Drumstick”, staff donated boxed meals filled with turkeys, stuffing, gravy, potatoes, soup, cranberries, vegetables, rolls, butter and pies to be distributed to local families who could not afford to prepare a Thanksgiving meal of their own. In all, “Operation Drumstick” was a complete success, with boxes donated to 20 families in need, thanks to the many staff who helped make it possible.

Edgecombe Residential Treatment Facility staff also continued their tradition of providing assistance to neighbors in need during Thanksgiving. Staff collected funds to purchase turkeys to be donated to the families of students at the prep school located next door to the facility. In all, 24 turkeys were distributed to families in need this holiday season, many of whom expressed that they would not have a turkey this year if it was not for the generosity of Edgecombe staff.
