

Edgecombe Staff Provided Thanksgiving Turkeys to the Community

During the Thanksgiving holiday, the staff of the Edgecombe Residential Treatment Facility continued their commitment to providing assistance to their neighbors in need. Staff collected funds to purchase twenty-five turkeys that were donated to families of children from two separate organizations, the Community Math and Science Prep 328 School, located next door to Edgecombe, and the Uptown's Team Dreamers.

On November 19th Edgecombe staff delivered twenty turkeys to the Parent Coordinator of the school and on November 22nd, the children from the Uptown's Team Dreamers visited Edgecombe with Coach Dave Crenshaw and received an additional donation of five turkeys. In both cases the turkeys were given to the families that would need them the most.
