

Five Points Correctional and Willard DTC Host Volunteer Recognition Dinner

On November 5, Five Points and Willard collaborated to honor their volunteers at its respective facilities. Inmates from both horticulture classes contributed to the celebration by creating centerpieces, plants, and bottled maple syrup to show their appreciation. Inmates impacted by services provided letters of thanks, which were compiled into a book entitled *What Your Service Has Meant To Me*. The book was shared with the volunteers over dinner. Volunteer programs represented included:

- Cornell Prison Education Program
- Southern Tier AIDS Program
- Vivitrol Initiative Program
- Children's Visit Play Area
- Religious Services
- Spiritus Christi Support Group
