

Gowanda Correctional Facility Donates Pumpkins to Kids for the Elderly

Gowanda Correctional Facility's Horticulture Program recently donated over 100 pumpkins to Gowanda Elementary School as part of a community service project known as "Pay-It-Forward Pumpkins." Students will decorate the pumpkins for Halloween, and re-donate them to the Gowanda Nursing Home to brighten the lives and living spaces of the residents. The Vocational program under the direction of Vocational Instructor Scott Wagner, Supervisor Bill Clark, and CO Hummel have also donated nearly 10,000 pounds of fresh vegetables to local food pantries.
