

Livingston Correctional Facility Celebrates Black History Month

Last month the Livingston Correctional Facility and the Lifers' Awareness Society Organization (LASO) hosted outside speakers Nyandusi Nyachae, aka "Coach Dus", and Jamil Crews from the Buffalo Urban League. The special event called "Standing on the Shoulders of Giants" was geared toward educating individuals on the journeys of successes by African American individuals who historically left a mark on the United States and the world despite the challenges they faced. Livingston Correctional Facility packed the gymnasium with over 220 inmates to hear the inspirational words.
