

### **Wyoming Correctional Facility Group Donates Money**

The Wyoming Correctional Facility Diversity Management Committee recently donated the proceeds from a fundraising effort to two local charities. A total of \$500 was handed over to two separate organizations, each receiving a \$250 donation.

One recipient of the cash was the Western New York (WNY) Heroes, a veteran's advocacy group. The donation will help the organization, already on a tight budget, minimize their overhead.

The second organization receiving money was the Erie County (Buffalo) SPCA. The SPCA has recently moved to a larger facility due to age and capacity of the old facility. The money will help in the transition for the group who is renowned for their work with animals.
