

## Corrections and Community Supervision

### **Groveland Correctional Facility S.P.I.R.I.T. Program Graduates Second Class**

Groveland Correctional Facility recently held its second graduating class of the Shelter Pups and Inmate Rehabilitation and Integration Training Program (S.P.I.R.I.T.).

Led by volunteer trainers Constance Dwyer and Sara Hamburger, inmate handlers and their dogs participated in a six-week training program to achieve Canine Good Citizen completion. The canines were badly malnourished when received by the Hornell Humane Society but were recently adopted from Groveland fully happy and healthy.
