

Riverview Correctional Facility
Visiting Room Overcrowding Policy

The following procedure will be followed when terminating visits due to lack of available space in the Visit Room:

- 1) Local visitors, those living within a 50-mile radius, are asked to voluntarily terminate their visit first.
- 2) We then use a first in, first out basis to terminate visits.

Note: Special consideration is given, through the Watch Commander, to visitors who are from out of state or who have been given special permission for multiple visitors.
