

## **Wyoming Correctional Facility Visiting Schedule**

Wyoming Correctional Facility uses an “odd/even” visitation system based on the last digit of the inmate’s DIN. Inmates whose DIN ends in even number will have their visitation on Saturday or Sunday that ends in even number. Inmates whose DIN ends in odd number will have their visitation on Saturday or Sunday that ends in odd numbers. When the 31<sup>st</sup> falls on Saturday (odd), the 1<sup>st</sup> of the next month, Sunday will be considered an “even” day for visiting. Holidays that are celebrated in a weekday are open to visitation regardless of the inmate’s DIN.
