

**DOCCS celebrates two graduation classes
November 15, 2013**

On November 15, 2013 the NYS Department of Corrections and Community Supervision (DOCCS) celebrated two graduations. A class of 15 Institution Safety Officers (ISO) and 74 Correction Officer Trainees officially completed their training and education at the Albany Training Academy. The ISOs will go to work in Community Supervision offices across the state monitoring magnetometer stations in Reporting Station waiting rooms. The CO Trainees will transfer to their assignments in NYS correctional facilities to participate in their three weeks of on-the-job training and then transfer to facilities based upon DOCCS staffing needs. All celebrated the day with family, friends and colleagues. Congratulations to all the graduates!
