

**American Correctional Association: NYS Accreditation
May 12, 2014**

Thirteen correctional facilities have successfully completed the American Correctional Association (ACA) re-accreditation audits in 2014. Congratulations to the staff at Queensboro (Queens County), Ulster (Ulster County), Greene (Greene County), Hudson (Columbia County), Wyoming (Wyoming County), Albion (Orleans County) and Bare Hill (Franklin County) for a job well done! In 1982, Eastern Correctional Facility in Napanoch was the first facility in New York State to earn the national accreditation. The reaccreditation process verifies whether a facility's operations, administration and management meet or exceed national standards.
