

Fishkill Superintendent's Award for Excellence: Kim Pearce
April 22, 2014

Congratulations to Kim Pearce for receiving the Fishkill Superintendent's Award for Excellence! Kim has worked at Fishkill C.F. since 1985 and is truly a dedicated and skilled instructor. His experience in graphic arts and the printing industry, combined with his natural ability to teach, has enabled him to inspire many of his students to pursue a career in commercial art. On top of his accomplishments within the Department, Kim has also contributed his talents to his community. The events of September 11th, spurred him to create a watercolor titled "Pride" that attracted national attention for seizing the heroism and patriotism in the aftermath of the attack. All proceeds generated from the sale of his watercolor were donated to a New York Fire Department family.
