I. PURPOSE

The New York State Department of Corrections and Community Supervision (DOCCS) invites applications from not-for-profit and for-profit providers for the development and operation of a Community Based Residential Program (CBRP) for individuals under Community Supervision. The CBRP is a housing initiative to assist parolees under the jurisdiction of DOCCS to attain stability in the community while providing for individual case needs and community safety. CBRP's provide food, counseling, and other services such as chemical dependency treatment, educational/vocational training, mental health and social services to residents either directly or through referral to credentialed providers. (Note: a CBRP is not to be confused with Substance Use Residential Treatment Programs).

To be eligible for an award, programs must have a current Certificate of Occupancy (COO) or equivalent, such as a letter from the municipality with jurisdiction over property land use advising that the proposed use in your application is acceptable for the proposed program site, and a demonstrated ability to start the program on May 1, 2017. An approved site visit may be required by DOCCS within 10-days of a tentative contract award notification by the Commissioner. Contract term will be for a period of five-years, effective May 1, 2017 to April 30, 2022. The components of this RFA are as follows:

A CBRP provides a structured setting and services for a period of up to 120-days, with extensions available upon approval of DOCCS Re-Entry Contract Manager, to the following client groups:

- Client Group A** Newly released parolees from state or local correctional facilities who do not have an acceptable residence.
- Client Group B** Parolees who require increased supervision and structure in order to change behavior patterns which, given case circumstances, may otherwise lead to re-incarceration; and/or require removal from their current living environment due to crisis situations or need for temporary housing.
- Client Group C** Parolees with mental health, physical and/or medical concerns.
- Client Group D** Parolees who have a history of sex offense(s) and/or arson.

Many of the parolees have histories of chemical dependency, mental illness, unemployment, health concerns, and substandard housing. They are released from state or local incarceration after convictions for offenses for which they continue to serve a sentence that was imposed by a local County Court. They generally are returning to the communities where they were residing at the time of their arrest.

DOCCS seeks to establish Community Based Residential Programs throughout New York State under the following general provisions and designated Catchment areas:

II. BACKGROUND AND DEMOGRAPHIC PROFILE

The New York State Department of Corrections and Community Supervision (DOCCS) is a criminal justice agency responsible for continuum of care from the moment an offender enters the correctional system until he or she successfully completes the required period of community supervision. Release from incarceration may occur by

discretionary action of the Parole Board, by statutory release based on “good time” credit (conditional release), or, in the case of determinate sentences, release to post-release supervision.

The Mission of DOCCS is

“To improve public safety by providing a continuity of appropriate treatment services in safe and secure facilities where offenders’ needs are addressed and they are prepared for release, followed by supportive services under community supervision to facilitate a successful completion of their sentence.”

On January 1, 2016, there were approximately 35,500 offenders under active supervision within New York State. Of these, 93% are male, 48% Black, 23% Hispanic and 26% White. Twenty-seven percent are between 16 and 29 years of age, 28% between 30 and 39 years of age, 21% between 40 and 49, and the remaining 22% are 50 years of age or older. Six out of ten have a drug abuse history, 60% have earned their high school diploma or equivalency, and 57% of those able to work are unemployed. The crimes of conviction for 53% of this population involve crimes against persons/violent crimes, 18% involve property/non-violent crimes, 21% involve drug related offenses, and 2% are adjudications as Youthful Offenders or are Juvenile Offenders.

- F. The bidder will comply with all standards and appropriate regulations governing contracts with the State of New York.
- G. M/WBE Compliance: (Attachment F)

That the contractor is willing to make good faith efforts to promote and work with DOCCS to achieve M/WBE goals established by the Office of Diversity Management - M/WBE Program relative to subcontracting or purchasing of supplies from Minority and Women-Owned Business and as a condition of this procurement, the Contractor and DOCCS agree to be bound by the provisions of §316 of Article 15-A of the New York State Executive Law regarding enforcement as stated below:

Subject to the requirements of Article 15-A of the Executive Law, DOCCS has established MBE (minority-business enterprises) goals of twenty (20) percent, and ten (10) percent participation for WBE (women-owned business enterprises) of the dollar value of this agreement by certified M/WBEs as subcontractors and suppliers on this project for the provisions of services and materials. Note that percentages may vary according to M/WBE availability and the type of service or commodity DOCCS contracts in certain areas of the state.

In accordance with Section 312 of Executive Law: Article 15-A, EEO (Equal Employment Opportunity) regulations mandate that all contractors and/or subcontractors as a precondition to entering into a valid and binding State contract shall agree: not to discriminate against any employee or bidder for employment because of race, creed, color, national origin, sex, age, disability or marital status, and will undertake or continue existing programs of affirmative action. The contractor and/or subcontractor shall also submit a Staffing Plan (EEO 100) (**Attachment F**) of the anticipated workforce to be utilized on the contract, and an EEO Policy Statement (**Attachment F**).

After the contract is awarded, quarterly compliance reports will be requested from the contractor. Quarterly report forms will be supplied to the Contractor by DOCCS Office of Diversity Management.

Selected bidders should be prepared to submit an M/WBE Utilization plan (M/WBE 100) which meets the above goal requirements within seven (7) business days after date of notification by DOCCS. The Office of Diversity Management can assist the bidder in identifying certified M/WBE firms within the bidder's geographic area. For more information on M/WBE, or to locate New York State Certified M/WBEs, access the directory at: www.esd.ny.gov/MWBE.html

H. Diversity Practices

DOCCS has determined, pursuant to New York State Executive Law Article 15-A, that the assessment of the diversity practices of respondents to this procurement is practical, feasible, and appropriate. Diversity practices are the efforts of contractors to include New York State-certified Minority and Women-owned Business Enterprises ("M/WBEs") in their business practices. Diversity practices may include past, present, or future actions and policies, and include activities of contractors on contracts with private entities and governmental units other than the State of New York. Assessing the diversity practices of contractors enables contractors to engage in meaningful, capacity-building collaborations with M/WBEs.

Accordingly, respondents to this procurement shall be required to include as part of the technical application response to this procurement, as described in this RFA herein, the *Diversity Practices Questionnaire* as provided by the Division of Minority and Women's Business Development. Applicants must complete the questions in the Grants Gateway included in the *Program Specific Questions*. In addition, applicants must complete and sign the document for Diversity Practices in Attachment I of this document. Upload the completed, signed, and notarized form to *Pre-Submission Uploads* area on the Grants Gateway.

I. SERVICE-DISABLED VETERAN-OWNED BUSINESS (SDVOB)

Article 17-B of the Executive Law enacted in 2014 acknowledges that Service-Disabled Veteran-Owned Businesses (SDVOBs) strongly contribute to the economies of the State and the nation. As defenders of our nation and in recognition of their economic activity in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. SDVOBs can be readily identified on the directory of certified businesses at http://ogs.ny.gov/Core/docs/CertifiedNYS_SDVOB.pdf.

For purposes of this procurement, the DOCCS hereby establishes an overall goal of six (6) percent for SDVOB participation based on the current availability of qualified SDVOBs. Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged to the maximum extent

practical and consistent with legal requirements of the State Finance Law and the Executive Law to use responsible and responsive SDVOBs in purchasing and utilizing commodities, services and technology that are of equal quality and functionality to those that may be obtained from non-SDVOBs. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses consistent with current State law. Utilizing SDVOBs in State contracts will help create more private sector jobs, rebuild New York State's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its SDVOB partners. SDVOBs will promote the contractor's optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated public procurements.

Public procurements can drive and improve the State's economic engine through promotion of the use of SDVOBs by its contractors. The State, therefore, expects bidders/proposers to provide maximum assistance to SDVOBs in their contract performance. The potential participation by all kinds of SDVOBs will deliver great value to the State and its taxpayers.

Note that each facility must be audited every three years and one third of all facilities under this contract must be audited each year. The audits will be scheduled after award in conjunction with DOCCS.

If your facility has been certified as PREA compliant, please upload a copy of the certification in the Grants Gateway *Pre-Submission Upload* screen. Indicate the date of the certification in your response to Question 3i, in the Program Specific Questions. K. AMERICAN DISABILITIES ACT PRACTICES (ADA)

Title II of the ADA prohibits public entities (i.e., “any State [or] local government,” or any “instrumentality of a State or...local government”) from discriminating against persons with disabilities. 42 U.S.C. §§ 12131(1)(A)-(B), 12132. The ADA Regulations explicitly state that, “[a] public entity, in providing any . . . service, may not, directly or through contractual . . . arrangements, [discriminate] on the basis of disability, and therefore, a public entity is obligated to ensure compliance with its Title II obligations, even if a private entity provides the services on behalf of the state.

Where public and private entities act jointly, the public entity must ensure that the relevant requirements of Title II are met; and the private entity must ensure their compliance with Title III. (Attachment J)

All cash advances will be recouped between February 1, 2019, and April 30, 2019, or at any time in the event that the contract is terminated. Vouchers will attest to accuracy of reimbursement claims and include all information described in **Attachment A, Scope of Services/Work Plan**, in the RFA and in Attachment A-1 on the Gateway. B. For-profit Providers ONLY should complete the following forms:

Compliance with State Finance Law §139j and §139k* New York State Finance Law §139-k(5) requires that every Procurement Contract award subject to the provisions of State Finance Law §§139-k or 139-j shall contain a certification by the Contractor that all information provided to the DOCCS with respect to

State Finance Law §139-k is complete, true and accurate. State Finance Law §§139-j and 139-k, also imposes certain restrictions on communications between the DOCCS and Contractors during the procurement process. Potential Contractors are restricted from making contacts from the earliest notice of intent to solicit offers pursuant to the “Request for Application (RFA)” through final award and approval of the Procurement Contract by DOCCS and, if applicable, Office of the State Comptroller (“restricted period”) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a).

Please note that during the RFA process DOCCS is required to determine the responsibility of “the proposed Contractors/Providers.” Certain findings of non-responsibility can result in rejection for contract award and in the event of two such findings within a four-year period during which the Contractor will be debarred from obtaining governmental Procurement Contracts.

In addition, New York State Finance Law §139-k(2) obligates DOCCS to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, potential Contractor must be asked to disclose if there has been a finding of non-responsibility made within the previous four (4) years by the Department due to: (a) a violation of State Finance to DOCCS. The terms “Offerer” and “Governmental Entity” are defined in State Finance Law § 139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether a Contractor fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Contractor that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Contractor is necessary to protect public property or public health safety, and that the Contractor is the only source capable of supplying the required Article of Procurement within the necessary timeframe.

DOCCS must obtain the required certifications that the information in your application is complete, true and accurate and if any prior findings of non-responsibility, such as non-responsibility pursuant to State Finance Law §139-j exist.

***All For-Profit providers submitting an application pursuant to this RFA must upload the completed Procurement Lobbying Certification with their applications. Please download the form from the Pre-Submission forms page in the Gateway application. Upload the completed form.**

X. EVALUATION PROCESS

DOCCS will award contracts based upon evaluation of all aspects of the program according to the needs of the agency and the best interests of the State of New York. Awards will go to providers whose application provides the **best value** as determined by DOCCS, pursuant to NYS Finance Law §103 1j. This is defined as the most beneficial **combination of quality and costs** for the services being requested. If two offers are found to be equal, price shall be the basis for determining the award recipient. The basis for determining the award shall be documented in the procurement record.

A committee of DOCCS personnel, consisting of approximately seven to ten DOCCS' staff members from various DOCCS' offices, will evaluate applications independently to determine which applications are most capable of implementing DOCCS' requirements based on the following criteria:

Phase I

Phase I will consist of a review of each application to ensure that all mandatory requirements are met. Failure to meet any mandatory requirement in the application will result in the application being considered non-responsive, and it will be eliminated from further evaluation. All applications that meet the mandatory requirements will move to Phase II.

Phase II

Phase II will consist of an evaluation of your detailed application *Program-Specific Questions* in the Grants Gateway (also see **Attachment C**, *Program Specific Questions*):

- I. **Catchment Area (0 points)**
- II. **Agency Summary (10 points)**
- III. **Program Information (42 points)**
- IV. **Experience/References (14 points)**
- V. **Program Performance (14 points)**
- VI. **Diversity Practices Questionnaire (2)**

Points will be awarded for each category as listed above using predetermined rating scales. A passing score of at least 57 points will be required to advance to Phase III. Phase II scores will be calculated by adding the Total points from each reviewer and dividing that number by the total number of reviewers. This will create an average score for all reviewers' totals. The highest possible score for Phase II is 82 points.

Phase III

Phase III will consist of an evaluation of your program budget as detailed below:

Budget/Fiscal (20 points)

Programs failing to clearly line out and complete a comprehensive budget proposal (including expenditure based budget, coinciding budget narratives, indirect cost calculations and all other funds) may be disqualified.

- A. The evaluation of the overall cost of each application, including the application of third-party revenue and all other funds will be performed, as follows:
- B. The lowest cost/slot proposal in a Catchment area (factoring in any proposed third-party revenue, and all other funds) will receive 20 points. Other proposals in that area will receive points in direct proportion to the lowest cost/slot proposal in that area.
- C. The cost of each proposal is determined by dividing the total proposed program cost (including any projected third-party revenue and all other funds) to DOCCS by the number of proposed residential slots on any given day. For instance, if a program's total annual cost is \$100,000 for 5 beds it is factored out to be \$20,000 per bed.

Contract Award:

Awards will be made to applications with the highest total point allocation, contingent upon a successful site visit. The total point allocation is calculated by adding the sum of an application's score from Phase II and its Financial score from Phase III.

Catchment Areas will be evaluated in the following chronological order based on a determination by DOCCS of where the greatest programmatic needs exist:

- Catchment Area 1 – Award to Highest Scoring Application**
- Catchment Area 2 – Award to Highest Scoring Application**
- Catchment Area 3 – Award to Highest Scoring Application**
- Catchment Area 4 – Award to Highest Scoring Application**
- Catchment Area 5 – Award to Highest Scoring Application**
- Catchment Area 6 – Award to Highest Scoring Application**
- Catchment Area 7 – Award to Highest Scoring Application**
- Catchment Area 8 – Award to Highest Scoring Application**

Catchment Area 9 – Award to Highest Scoring Application
Catchment Area 10 – Award to Highest Scoring Application
Catchment Area 11 – Award to Highest Scoring Application

BUDGET/FISCAL (20 POINTS)

A. Budget Detail Sheet and Budget Narrative/Justification Overview

In the New York State Grants Gateway please complete Attachment B-1, Expenditure Based Budget and Budget Narrative Justification sections that specifically line out the funding required to support your program annually. Narrative justifications should properly reflect each line item of the budget detail sheets in the application. Please include any formulas used to calculate salaries, fringe benefits, non-personal service numbers, third party revenue, indirect costs and all other funds. DOCCS will not consider any proposal where the per bed annual costs exceeds \$23,000. If you propose a per bed annual costs in excess of these levels, your proposal will be disqualified.

If your proposal's required expenditure based budget, budget narrative/justifications, indirect cost calculation and all other funds are not clearly lined out in your proposal, your proposal may be disqualified. If a bidder does not have indirect costs, clearly indicate "Not Applicable" on Attachment E-1. Failure to do so will result in disqualification.

B. Third Party Revenue Projection Guidelines

All successful contractors will be required to make on-going efforts to receive third party revenue (Housing Assistance funds) during the course of the contract. Obtaining this third party revenue is not a contractual requirement but making a good faith effort, as determined by DOCCS management. In your proposal please specify the procedures that will be employed to obtain third-party funding in the budget narrative justification under Other Narrative. Include the success of your organization in receiving third-party revenue and explain the impact on the proposed program if less third-party revenue than projected is received. DOCCS will not be in the position to make up any projected third-party revenue that does not materialize and reserves the right to consider this a contractual violation. Be careful to project accurately and take all necessary measures to achieve projected revenue levels. If you are not projecting receipt of third party revenue, you must explain why and will still be required during the contract period to make a good faith effort to receive it. If your proposal includes third party revenue, please assume that no more than 50% of clients will be eligible for third party reimbursement at any one time. Please note third party revenue should be captured on Attachment B-1 under Other Funds.

1. Projected third-party revenue and all other funds will be treated as match funding for the program that has a direct result of reducing the cost to DOCCS. As a result this will improve a proposal's overall fiscal score. For example, if a program's total expense equals \$100,000 and the program projects to receive \$25,000 in third-party revenue or other funds, the total cost to DOCCS is \$75,000.

BUDGET/FISCAL (20 POINTS)

2. Parolees cannot be required to contribute toward your program costs. Any third-party revenue or other funds referencing client (parolee) payments will not be acceptable. DOCCS will not change your proposed cost, and if your program receives an award, you will be required to make up the third-party revenue or other funds in some other way.

C. Indirect Costs (Administrative Overhead)

All proposals must include detailed information to support its indirect costs administrative overhead projection (if included in proposal). Such submission must include a detailed listing of all "indirect costs" at the major-object level, and the same for all direct program costs for all contractual agreements that your organizations has with other entities (see Attachment E-1 for the required format). Under no circumstances can any costs be split between direct and indirect categories. If more than four programs in addition to the proposed new program are listed, then bidder can consolidate those programs into Column 3 and label it "All Other Programs". Also, if bidder does not have indirect costs, clearly indicate "Not Applicable" on Attachment E-1. Please note if applicable when completing Attachment B-1 Expenditure Based Budget indirect cost should be captured under F) Other Expenses.

D. PREA Cost Guidelines

Given that PREA audits will not incur an annual cost, but will be considered part of provider's total budget for the life of the contract, it has been determined that expenses associated with PREA audits will not be factored into the cost per bed per proposal for purposes of scoring the RFA. Accordingly, bidders are required to submit an annual budget that does not include those costs associated with PREA audits.

PREA audits are estimated to range from \$2,500.00 to \$5,000.00 per audit depending on the overall bed capacity of a program, not strictly to those beds that are contracted to DOCCS. Accordingly, DOCCS will reimburse bidders who win an award the actual cost of a PREA audit up to \$5,000.00 per audit, in direct proportion to the number of beds contracted to DOCCS against total program capacity. For example, if a provider has a 100 bed program and DOCCS is contracted to pay for 10 beds the provider will be reimbursed 10% of the actual costs associated with the PREA audit.

Given that each provider is subject to a maximum of two PREA audits during the life of the contract because PREA audits are required every three (3) years a total of \$10,000.00, \$5,000.00 per audit, will be added to the total five (5) year budget cap for each contract award to accommodate actual and necessary expenses associated with each PREA audit. (Example: \$100,000.00 annual budget x five (5) years = \$500,000.00 + \$10,000.00, maximum not minimum, for PREA audit(s) = \$510,000.00, contact cap.)

BUDGET/FISCAL (20 POINTS)

It is to be understood that these additional funds are for the sole purpose of supporting PREA audits and will not be used to supplement other program expenses.

In addition to the audit requirements, applicants should consider any additional expenses associated with the *Community Confinement Standards* that will be the sole responsibility of the provider. Such expenses include, but may not be limited to, the costs associated with background checks pursuant to Section 115.217, *Hiring and Promotional Decisions*, subparagraphs (c) (1) and (2).

E. Start-up Cost Guidelines

DOCCS requires programs that are fully prepared to operate at maximum capacity on day one of the contract. Accordingly, no start-up costs will be provided and should not be requested as part of your proposal. If start-up costs are included in your proposal, it will be disqualified.

F. Budget Narrative Guidelines

As a guideline, the Budget Narrative should explain, at a minimum, the following in DETAIL:

1. Personnel Services Expenditures: Title, Percent to DOCCS, and responsibilities;
2. Fringe Benefits;
3. Contractual/Consultant Services;
4. Real Estate: Square Feet and cost to DOCCS;
5. Travel Expenses;
6. Supplies and Materials;
7. Equipment; and
8. All third-party revenue projections and all other funds

(Note: No parolee payments/ contributions are acceptable as third-party funding or other funds).

G. Budget Evaluation

Programs failing to clearly line out and complete a comprehensive budget proposal (including expenditure based budget, coinciding budget narratives, indirect cost calculations and all other funds) may be disqualified.

The evaluation of the overall cost of each proposal, including the application of third-party revenue and other funds will be performed, as follows:

1. The lowest cost/slot proposal in a Catchment area (factoring in any proposed third-party revenue and all other funds) will receive 20 points. Other proposals in that area will receive points in direct proportion to the lowest cost/slot proposal in that area.

BUDGET/FISCAL (20 POINTS)

2. The cost of each proposal is determined by dividing the total proposed program cost (including any projected third-party revenue and all other funds) to DOCCS by the number of proposed residential slots on any given day. For instance, if a program's total annual cost is \$100,000 for 5 beds, it is factored out to be \$20,000 per bed.

**CONTRACTOR REQUIREMENTS AND PROCEDURES FOR BUSINESS PARTICIPATION
OPPORTUNITIES FOR NEW YORK STATE CERTIFIED MINORITY- AND WOMEN-OWNED
BUSINESS ENTERPRISES AND EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITY GROUP
MEMBERS AND WOMEN**

NEW YORK STATE LAW

Pursuant to New York State Executive Law Article 15-A and 5 NYCRR 140-145 Department of Corrections and Community Supervision (hereinafter referred to as “DOCCS”) recognizes its obligation under the law to promote opportunities for maximum feasible participation of certified minority- and women-owned business enterprises and the employment of minority group members and women in the performance of DOCCS contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" (“Disparity Study”). The report found evidence of statistically significant disparities between the level of participation of minority- and women-owned business enterprises in state procurement contracting versus the number of minority- and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that DOCCS establishes goals for maximum feasible participation of New York State Certified minority- and women – owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

Business Participation Opportunities for MWBEs

For purposes of this solicitation, DOCCS hereby establishes an overall goal of 30% for MWBE participation, 20% for New York State certified minority-owned business enterprises (“MBE”) participation and 10% for New York State certified women-owned business enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). A contractor (“Contractor”) on the subject contract (“Contract”) must document its good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and the Contractor agrees that DOCCS may withhold payment pending receipt of the required MWBE documentation. The directory of MWBEs can be viewed at: <https://ny.newnycontracts.com>. For guidance on how DOCCS will determine a Contractor’s “good faith efforts,” refer to 5 NYCRR §142.8.

In accordance with 5 NYCRR §142.13, the Contractor acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding constitutes a breach of Contract and DOCCS may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

By submitting a bid or proposal, a bidder on the Contract (“Bidder”) agrees to demonstrate its good faith efforts to achieve its goals for the utilization of MWBEs by submitting evidence thereof through the New York State Contract System (“NYSCS”), which can be viewed at <https://ny.newnycontracts.com>, provided, however, that a Bidder may arrange to provide such evidence via a non-electronic method by contacting the designated contact for this procurement. Please note that the NYSCS is a one stop solution for all of your MWBE and Article 15-A contract requirements. For additional information on the use of the NYSCS

to meet Bidder's MWBE requirements please see the attached MWBE guidance, "Your MWBE Utilization and Reporting Responsibilities Under Article 15-A."

Additionally, a Bidder will be required to submit the following documents and information as evidence of compliance with the foregoing:

- A. An MWBE Utilization Plan with their bid or proposal. Any modifications or changes to the MWBE Utilization Plan after the Contract award and during the term of the Contract must be reported on a revised MWBE Utilization Plan and submitted to DOCCS.

DOCCS will review the submitted MWBE Utilization Plan and advise the Bidder of DOCCS acceptance or issue a notice of deficiency within 30 days of receipt.

- B. If a notice of deficiency is issued, the Bidder will be required to respond to the notice of deficiency within seven (7) business days of receipt by submitting to the DOCCS, address phone and fax information], a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by DOCCS to be inadequate, DOCCS shall notify the Bidder and direct the Bidder to submit, within five (5) business days, a request for a partial or total waiver of MWBE participation goals. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

DOCCS may disqualify a Bidder as being non-responsive under the following circumstances:

- a) If a Bidder fails to submit a MWBE Utilization Plan;
- b) If a Bidder fails to submit a written remedy to a notice of deficiency;
- c) If a Bidder fails to submit a request for waiver; or
- d) If DOCCS determines that the Bidder has failed to document good faith efforts.

The Contractor will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to DOCCS, but must be made no later than prior to the submission of a request for final payment on the Contract.

The Contractor will be required to submit a Contractor's Quarterly M/WBE Contractor Compliance & Payment Report to the DOCCS, by the 10th day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

Equal Employment Opportunity Requirements

By submission of a bid or proposal in response to this solicitation, the Bidder/Contractor agrees with all of the terms and conditions of Appendix A – Standard Clauses for All New York State Contracts including Clause 12 - Equal Employment Opportunities for Minorities and Women. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work"), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

The Bidder will be required to submit a Minority and Women-Owned Business Enterprises and Equal Employment Opportunity Policy Statement to DOCCS with their bid or proposal.

To ensure compliance with this Section, the Bidder will be required to submit with the bid or proposal an Equal Employment Opportunity Staffing Plan (Form # EEO 100) identifying the anticipated work force to be utilized on the Contract and if awarded a Contract, will, upon request, submit an Equal Employment Opportunity Workforce Employment Utilization Compliance Report identifying the workforce actually utilized on the Contract, if known, through the New York State Contract System; provided, however, that a Bidder may arrange to provide such report via a non-electronic method by contacting the designated contact for this procurement.

Further, pursuant to Article 15 of the Executive Law (the "Human Rights Law"), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

Contractor Insurance Requirements

Prior to the commencement of the work to be performed by the Contractor hereunder, the Contractor shall file with The People of the State of New York, DOCCS, Certificates of Insurance (hereinafter referred to as "Certificates"), evidencing compliance with all requirements. Such Certificates shall be of a form and substance acceptable to DOCCS.

Certificate acceptance and/or approval by DOCCS does not and shall not be construed to relieve Contractor of any obligations, responsibilities or liabilities under the Contract.

Contractors shall be required to procure, at their sole cost and expense, and shall maintain in force at all times during the term of any Contract resulting from this Solicitation, policies of insurance as required by this Section. All insurance required by this Section shall be written by companies that have an A.M. Best Company rating of "A-," Class "VII" or better. In addition, companies writing insurance intended to comply with the requirements of this Section should be licensed or authorized by the New York State Department of Financial Services to issue insurance in the State of New York. DOCCS may, in its sole discretion, accept policies of insurance written by a non-authorized carrier or carriers when certificates and/or other policy documents are accompanied by a completed Excess Lines Association of New York (ELANY) affidavit or other documents demonstrating the company's strong financial rating. If, during the term of a policy, the carrier's A.M. Best rating falls below "A-," Class "VII," the insurance must be replaced, on or before the renewal date of the policy, with insurance that meets the requirements above.

Bidders and Contractors shall deliver to DOCCS evidence of the insurance required by this Solicitation and any Contract resulting from this Solicitation in a form satisfactory to DOCCS. Policies must be written in accordance with the requirements of the paragraphs below, as applicable. While acceptance of insurance documentation shall not be unreasonably withheld, conditioned or delayed, acceptance and/or approval by DOCCS does not, and shall not be construed to, relieve Bidders or Contractors of any obligations, responsibilities or liabilities under this Solicitation or any Contract resulting from this Solicitation.

The Contractor shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages during the term of the Contract.

- A. General Conditions Applicable to Insurance. All policies of insurance required by this Solicitation or any Contract resulting from this Solicitation shall comply with the following requirements:
 1. Coverage Types and Policy Limits. The types of coverage and policy limits required from Bidders and Contractors are specified in Paragraph B Insurance Requirements below.
 2. Policy Forms. Except as otherwise specifically provided herein, or agreed to in the Contract resulting from this Solicitation, all policies of insurance required by this Section shall be written on an occurrence basis.
 3. Certificates of Insurance/Notices. Bidders and Contractors shall provide DOCCS with a Certificate or Certificates of Insurance, in a form satisfactory to DOCCS as detailed below, and pursuant to the timelines set forth in Section B below. Certificates shall reference the Solicitation or award number and shall name The New York State Department of Corrections and Community Supervision, Harriman Campus, 1220 Washington Avenue, Albany, New York 12226-2050, as the certificate holder.

Certificates of Insurance shall

- Be in the form acceptable to DOCCS and in accordance with the New York State Insurance Law (e.g., an ACORD certificate);

- Disclose any deductible, self-insured retention, aggregate limit or exclusion to the policy that materially changes the coverage required by this Solicitation or any Contract resulting from this Solicitation;
- Refer to this Solicitation and any Contract resulting from this Solicitation by award number;
- Be signed by an authorized representative of the referenced insurance carriers; and
- Contain the following language in the Description of Operations / Locations / Vehicles section: Additional insured protection afforded is on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.

Only original documents (certificates of insurance and any endorsements and other attachments) or electronic versions of the same that can be directly traced back to the insurer, agent or broker via e-mail distribution or similar means will be accepted.

DOCCS generally requires Contractors to submit only certificates of insurance and additional insured endorsements, although DOCCS reserves the right to request other proof of insurance. Contractors should refrain from submitting entire insurance policies, unless specifically requested by DOCCS. If an entire insurance policy is submitted but not requested, DOCCS shall not be obligated to review and shall not be chargeable with knowledge of its contents. In addition, submission of an entire insurance policy not requested by DOCCS does not constitute proof of compliance with the insurance requirements and does not discharge Contractors from submitting the requested insurance documentation.

4. **Primary Coverage.** All liability insurance policies shall provide that the required coverage shall be primary and non-contributory to other insurance available to the People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. Any other insurance maintained by the People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees shall be excess of all applicable Contractor's insurance, including any umbrella and/or excess policies, and shall not contribute with the Bidder/Contractor's insurance.
5. **Breach for Lack of Proof of Coverage.** The failure to comply with the requirements of this Section at any time during the term of the Contract shall be considered a breach of the terms of the Contract and shall allow the People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees to avail themselves of all remedies available under the Contract or at law or in equity.
6. **Self-Insured Retention/Deductibles.** Certificates of Insurance must indicate the applicable deductibles/self-insured retentions for each listed policy. Deductibles or self-insured retentions above \$100,000.00 are subject to approval from DOCCS. Such approval shall not be unreasonably withheld, conditioned or delayed. Bidders and

Contractors shall be solely responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If the Bidder/Contractor is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, but not limited to, information regarding the use of a third-party administrator shall be provided upon request. If the Contractor is unable to meet their obligation under any deductible, self-insured retention or self-insurance, neither the People of the State of New York nor the DOCCS will be obligated to drop down to cover those amounts.

If the Contractor is unable to meet their obligation under any deductible, self-insured retention or self-insurance, neither the People of the State of New York nor the DOCCS will be obligated to drop down to cover those amounts.

7. **Subcontractors.** Prior to the commencement of any work by a Subcontractor, the Contractor shall require such Subcontractor to procure policies of insurance as required by this Section and maintain the same in force during the term of any work performed by that Subcontractor.
8. **Waiver of Subrogation.** For all liability policies and the workers' compensation insurance required below, the Bidder/Contractor shall cause to be included in its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurer's right of subrogation against The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if the Contractor waives or has waived before the casualty, the right of recovery against The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees or (ii) any other form of permission for the release of The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. A Waiver of Subrogation Endorsement shall be provided upon request. A blanket Waiver of Subrogation Endorsement evidencing such coverage is also acceptable.
9. **Additional Insured.** The Contractor shall cause to be included in each of the liability policies required below, ISO form CG 20 10 11 85 (or a form or forms that provide equivalent coverage, such as the combination of CG 20 10 04 13 and CG 20 37 04 13) and form CA 20 48 10 13 (or a form or forms that provide equivalent coverage), naming as additional insureds: The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. An Additional Insured Endorsement evidencing such coverage shall be provided to DOCCS pursuant to the timelines set forth in Section B below. A blanket Additional Insured Endorsement evidencing such coverage is also acceptable. For Contractors who are self-insured, the Contractor shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the Contractor would have been required to pursuant to this Section had the Contractor obtained such insurance policies.

- 10. Excess/Umbrella Liability Policies.** Required insurance coverage limits may be provided through a combination of primary and excess/umbrella liability policies; however, a minimum of one million dollars (\$1,000,000.00) must be primary coverage for general liability and auto liability. All Contractor's applicable insurance policies, including umbrella and excess insurance, will be primary to any insurance, self-insurance, deductible or self-insured retention of The People of the State of New York, the New York State Department of Corrections and Community Supervision, or any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. If coverage limits are provided through excess/umbrella liability policies, then a Schedule of underlying insurance listing policy information for all underlying insurance policies (insurer, policy number, policy term, coverage and limits of insurance), including proof that the excess/umbrella insurance follows form must be provided upon request.
- 11. Notice of Cancellation or Non-Renewal.** Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five (5) business days of receipt of any notice of cancellation or non-renewal of insurance, the Contractor shall provide DOCCS with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Solicitation and any Contract resulting from this Solicitation.
- 12. Policy Renewal/Expiration** Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth in this Solicitation and any Contract resulting from this Solicitation shall be delivered to DOCCS. If, at any time during the term of any Contract resulting from this Solicitation, the coverage provisions and limits of the policies required herein do not meet the provisions and limits set forth in this Solicitation or any Contract resulting from this Solicitation, or proof thereof is not provided to DOCCS, the Contractor shall immediately cease work. The Contractor shall not resume work until authorized to do so by DOCCS.
- 13. Deadlines for Providing Insurance Documents after Renewal or Upon Request.** As set forth herein, certain insurance documents must be provided to the DOCCS Procurement Services contact identified in the Contract Award Notice after renewal or upon request. This requirement means that the Contractor shall provide the applicable insurance document to DOCCS as soon as possible but in no event later than the following time periods:
- For certificates of insurance: 5 business days
 - For information on self-insurance or self-retention programs: 15 calendar days
 - For other requested documentation evidencing coverage: 15 calendar days
 - For additional insured and waiver of subrogation endorsements: 30 calendar days
- Notwithstanding the foregoing, if the Contractor shall have promptly requested the insurance documents from its broker or insurer and shall have thereafter diligently taken all steps necessary to obtain such documents from its insurer and submit them to DOCCS, DOCCS shall extend the time period for a reasonable period under the circumstances, but in no event shall the extension exceed 30 calendar days.

ATTACHMENT J

Attachment J Americans with Disabilities Act

Americans with Disabilities Act (ADA):

Title II of the ADA prohibits public entities (*i.e.*, “any State [or] local government,” or any “instrumentality of a State or . . . local government”) from discriminating against persons with disabilities. 42 U.S.C. §§ 12131(1)(A)-(B), 12132. The ADA Regulations explicitly state that, “[a] public entity, in providing any . . . service, may not, directly *or through contractual . . . arrangements*, [discriminate] on the basis of disability, and therefore, a public entity is obligated to ensure compliance with its title II obligations, even if a private entity provides the services on behalf of the state.

Where public and private entities act jointly, the public entity must ensure that the relevant requirements of title II are met; and the private entity must ensure their compliance with title III.

Accessibility:

A public accommodation may not discriminate against an individual with a disability in the operation of a place of public accommodation. Individuals with disabilities may not be denied full and equal enjoyment of the "goods, services, facilities, privileges, advantages, or accommodations" offered by a place of public accommodation. The phrase "goods, services, facilities, privileges, advantages, or accommodations" applies to whatever type of good or service a public accommodation provides to its customers or clients. In other words, a public accommodation must ensure equal opportunity for individuals with disabilities.

The ADA mandates an equal opportunity to participate in or benefit from the goods and services offered by a place of public accommodation, but does not guarantee that an individual with a disability must achieve an identical result or level of achievement as persons without disabilities.

A public accommodation may offer separate or special programs necessary to provide individuals with disabilities an equal opportunity to benefit from the programs. Such programs must, however, be specifically designed to meet the needs of the individuals with disabilities for whom they are provided.

Housing Service Providers:

Group homes, halfway houses, shelters, or similar social service center establishments that provide either temporary sleeping accommodations or residential dwelling units that are subject to this section shall comply with the provisions of the 2010 ADA Standards applicable to residential facilities, including, but not limited to, the provisions in sections [233](#) and [809](#).

Attachment J Americans with Disabilities Act

(1) In sleeping rooms with more than 25 beds covered by this section, a minimum of 5% of the beds shall have clear floor space complying with section [806.2.3](#) of the 2010 Standards.

(2) Facilities with more than 50 beds covered by this section that provide common use bathing facilities, shall provide at least one roll-in shower with a seat that complies with the relevant provisions of section [608](#) of the 2010 Standards. Transfer-type showers are not permitted in lieu of a roll-in shower with a seat, and the exceptions in sections [608.3](#) and [608.4](#) for residential dwelling units are not permitted. When separate shower facilities are provided for men and for women, at least one roll-in shower shall be provided for each group.

Effective Communications:

People who have vision, hearing, or speech disabilities (“communication disabilities”) use different ways to communicate. For example, people who are blind may give and receive information audibly rather than in writing and people who are deaf may give and receive information through writing or sign language rather than through speech.

The ADA requires that title II entities (State and local governments) and title III entities (businesses and nonprofit organizations that serve the public) communicate effectively with people who have communication disabilities.

Service Animals:

Under the ADA, State and local governments, businesses, and nonprofit organizations that serve the public generally must allow service animals to accompany people with disabilities in all areas of the facility where the public is normally allowed to go.
