

RFA 2018-02 Official Responses to Questions

Question Number	RFA Section	Questions Received in Writing	DOCCS' Responses to Questions
1	Page 3 – Facility Listing	Will Great Meadow be available to bid on and if not, why? We are interested in serving the visitors to this correctional facility.	Great Meadow does not have a Visitor Hospitality Center.
2	Page 20, Section IX. Application Submission	If the organization does not request any money to run its Hospitality Center but only requests permission to operate the program on site, would we still have to complete the RFA process detailed?	Yes
3	Page 5	We are planning to submit a number of applications to staff hospitality centers around NYS. The question we have: If we are awarded more than one grant, will DOCCS be able to combine them into one contract so that we can send one invoice for its work in all the Hospitality Centers in the contract?	Because this RFA is being processed in the Grants Gateway, the system will create a separate contract for each location and invoices for each center must be submitted separately referencing the appropriate contract number.
4	Page 20, Section IX. Application Submission	We are interested in submitting a bid for the Visitor Hospitality center services. Are we required to register for the Grants Gateway as indicated in the bid package being a Profit private organization?	Yes
